a	b	c	d	e	f	g	h	i	j	k	l	m	n	o	p	q	r	s	t	u	v	w	x	y	z

The sentence below is an important message about textile recycling and is encrypted using a secret code. Your job is to break the code by substituting the lower case letters for the upper case letters.

Here are several clues: U = t K = s X = e J = c V = o
B/M/Y/j/q/z are not used

ANSWER:

All textiles can be recycled. You can even recycle used, damaged or stained textiles. Recycling helps the environment and makes the air, soil and water safer. Some textile fabrics take hundreds of years to decompose because they are made of chemicals and petroleum. Recycle textiles and save our earth!
